## Sports

### Basketball Skills

Kids will have fun developing their overall basketball skills. This is a great class for kids to learn balance, basic conditioning, hand eye coordination, ball handling, speed and agility. We will focus on dribbling, passing, shooting, scoring and basic team play. They will also gain self-confidence and increase their sportsmanship and teamwork.

### Dave Miller Basketball Clinic

Basketball instruction and fundamental review of dribbling, passing and shooting. Players will learn the fundamentals of the sport of basketball, grow in confidence of their abilities, and apply what they learn in a game environment. Sign up for this class and grow as a player and as a person.

### Sports Fundamentals: Basketball

Before a child can become the next NBA all-star, they have to develop a love for the game. Basketball FUNdamentals will get your

kids started the right way, by using play and games to teach basic basketball skills like shooting, passing, dribbling and teamwork.

### Sports Fundamentals: Soccer

Kids who enjoy soccer practice are more likely to continue, so we created Soccer FUNdamentals to get them started right. Your children will leave knowing basic soccer skills, including dribbling, passing and scoring, but with a focus on play and fun rather than competition.

### Super Soccer Stars

Super Soccer Stars teaches soccer skills in a fun, non-competitive and educational environment. Through an age-specific curriculum, soccer is used to nurture, build self-confidence and develop teamwork. Coach supervision provides positive reinforcement to ensure that each child improves at his or her own pace while having a blast!

### SuperTots Multi-Sport

A development program that uses a variety of fun games to engage kids while exposing them to a variety of different sports. The goal is to build fitness, muscle coordination, and sports fundamentals while fostering a love of athletics.

## Music, Language and Art

### South Bay Music Together

Music learning supports all learning. It enhances a child's language, cognitive, emotional, social, and physical development. This comprehensive music program offers your child a high level of music education through open expression, exploration, and play.
