In order to accomplish this goal, Beach Cities Health District provides funding to non-profit agencies (i.e., 501(c)3 status) through grants that provide health-related programs that address an unmet need in those communities. Grants are time-limited and project or program-based. Grants are awarded based upon evidence of program effectiveness, existing need and alignment with District health priorities.

GUIDELINES:

Once applications are approved, the Board reserves the right to determine the amount of funding to be awarded. In addition, the Board reserves the right to seek additional information as necessary to make their funding determinations.
